

YOU FUND IT, HE SPENDS IT

The power to manage your child's spending during college is in your hands with our CUMONEY prepaid debit card.

“COST CONTAINMENT” FOR THE COLLEGE-BOUND STUDENT

Convenience packaged with a life lesson

The CUMONEY prepaid debit card can help teach your young adult how to manage their finances. Accepted worldwide, CUMONEY offers more

flexibility than college-issued campus cards.

Staying current on balance and transaction information is a snap with text and/or email alerts. An online management tool lets you track your child's spending, so you'll always know how they're spending their allowance.

Reloads can be done at the secure site as well. You have complete control of how much and how often funds are loaded on the card.

Protect your child's credit score

Unlike credit cards, CUMONEY isn't a line of credit. Your child can only spend the amount on the card.

CUMONEY is also safe for you. Completely independent from your accounts, you'll be comforted knowing "Junior's" access is limited to the funds you've budgeted for him.

To apply for a **CUMONEY** card, contact us today.
