Managed Print Services

Streamline your workplace »

Changing technology, lack of visibility and inefficient processes lead to a printing environment that's out of control. Working with your new or existing equipment, our consultative approach gives you one tailored and comprehensive solution from one dependable source—OfficeMax Workplace℠—so you can optimize your fleet, no matter its size.

> **Hardware Leasing/ Monitored Toner Replenishment**
Centralize the management of your printers and copiers from multiple manufacturers, and gain insight into toner replacement needs through reporting that increases transparency across your overall print environment.

> **Replenishment/Break-Fix**
Look to us to manage all aspects of your printing and copying—including service desk, break-fix, supplies and procurement— so you can get the support you need for your business and fleet.

> **Fully Automated MPS**
Save time and money by automating services that reduce costs, improve productivity and help you comply with regulations across your entire print infrastructure.

> **Software: Accounting & Workflow/ Scanning/Archiving**
Create opportunities for cost savings and efficiencies by leveraging software that helps you proactively control, consolidate and archive vital documents, files and information across your entire organization.

> **Asset Disposition & Document Management**
Dispose of obsolete printing equipment in ways that comply with HIPAA, GLBA, SOX requirements and Environmental Protection Agency regulations, and count on us to provide peace of mind by managing key documents and critical data.
